

CALIFORNIA CLEAN WATER STATE REVOLVING FUND

Application Process

FOOTNOTES:

- 1 The project may receive a finalized agreement at this stage if all procurement (i.e., purchases and bidding) is complete or the final project budget for a “Non-Point” or “Estuary” project can be established.
- 2 Can include eligible equipment and material itemized in the initial agreement and purchased in accordance with applicable federal and state laws.
- 3 Applicants, at their risk, may award construction contracts without DFA approval. Construction costs incurred before financing is approved are not eligible for reimbursement. DFA recommends that the applicant receive a finalized agreement before starting construction to ensure that construction costs are eligible.
